THE MAY FIRE

A while back a band called **The May Fire** got in touch about

sending me a CD to check out, but the offer slipped my slippery mind until something triggered the memory. So, here's a post about the San Francisco band called The May Fire:

If you're looking for some catchy, yet grimey, girl-yelped rock 'n roll... pull over 'cause here it is. Led by the smokey raw purr of Catty Tasso, the band of El Pipe (Drums/Vox), Rob (Bass/Keys), and Nachito (Guitar), are wrapped tightly about Tasso's voice and the always welcome cowbell.
